

Viena2

Refining everyday usability, Viena2 blends a slim design with smart cable management for any space.

GOOD DESIGN AWARD 2016

BEST 100

With an expanded range of colors, Viena2 perfectly fits any occasion—from casual huddles and training sessions to formal conference. It features smart cable management, optional folding mechanism for compact storage and hidden castors for effortless layout changes.

FUNCTION

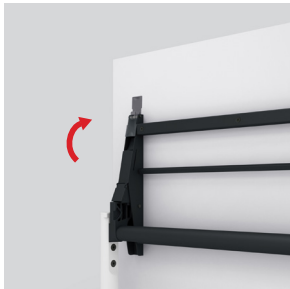

Two-way cable cover (Fixed table models only)

This cable cover can be opened and closed from both sides. The cover has a full-perimeter opening design which allows the cables to be drawn out from the box from any direction.

Low-profile castors

These easy-to-move castors feature a sleek, low-profile design that seamlessly matches the table's modern aesthetic.

Folding lever (Flip-top models only)

The folding lever features a secure twist and turn mechanism. It tucks neatly into the under-frame to allow for highly efficient nesting.

FREE

LOCK

Locking castors

The castors can be easily switched between free-rolling and locked positions by simply pressing the front tab.

OPTION

BEFORE

AFTER

Cable management

A complete kit designed to neatly conceal and organize power cables. It creates a clean, convenient power setup whether or not your table features a two-way cable cover.

VARIATION

Flip-top

Foldable and nestable for space-saving storage. Offers flexible use for multi-purpose areas.

Tabletop variations

Fixed top

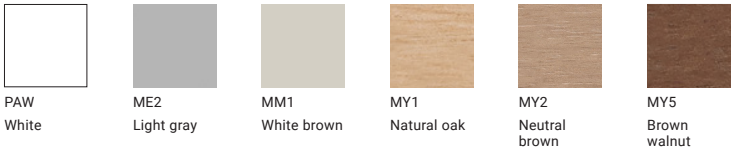

Offers a wide range of tabletop variations. Also available with glides.
